MEMORANDUM
PAC/RESO/693

To: All Members, Passenger Agency Conference
    Accredited Representatives

From: Director, FDS Operations, GDC

Date: 31 March 2020

Subject: MAIL VOTE (A332)
PAC (Mail A332)
Effectiveness in Changes to Remittance Holding Capacity

Background Information

In the current provisions of Resolution 812 section 5.9.6, changes to an Agent’s Remittance Holding Capacity (RHC) will take effect from the beginning of the following Reporting Period. Throughout the experience gained in implementing Resolution 812 in a vast majority of BSP markets, it is suggested that any changes to Remittance Holding Capacity be reflected with immediate effect.

This will allow Agents to have immediate access to the adjusted RHC following any changes triggered (either an increase or decreased), ensuring business continuity, at the same time allow IATA to better manage the risk profile of Accredited Agents.

PSG/115 endorsed that this proposal to be sent to Conference through a special Mail Vote to ensure the benefit of such finetuning can take effect as soon as possible.

It is proposed to amend Resolution 812 as follows:

5.9.6 Effective Date of Changes to the Remittance Holding Capacity

5.9.6.1 Changes to the Agent’s Remittance Holding Capacity will take effect from the beginning of the following reporting period immediately.

The proposed effective date of these changes is 1 May 2020.
