        PAC3 (Mail A341)
        Changes to Local Financial Criteria – Singapore

Background Information

The Passenger Agency Conference Steering Group (PSG) had careful deliberation concerning the impact of COVID-19, there have been a series of proposals that will be the subject of upcoming PACConf Mail Votes, which aim to help Agents by alleviating some of the financial pressure in their participation of the Agency Programme.

The PSG and the PAPGJC (Passenger Agency Programme Global Joint Council of Agents and Airlines) have agreed that it would be important for each APJC to review their Local Financial Criteria to assess whether there are any elements of their respective LFC that are heavily impacted by COVID-19 in upcoming Financial Assessments that take into consideration the past few. The purpose of this exercise is to consider whether there is a need to temporarily modify certain elements in the criteria, so they fairly represent the market’s situation without penalizing Agents during the assessment, but still accurately benchmark the financial health of Agents in the market.

In separate discussions with Airlines and Agency constituents of APJC Singapore, it was decided to change the following section of the Local Financial Criteria for Singapore.

Please refer to the Proposal for sentence in bold to be included on interim basis. The Conference is to adopt the changes to Local Financial Criteria for Singapore as shown in Attachment ‘A’ with an immediate effectiveness. Such relief measures will apply only till 30th June 2021. Beyond that, the original LFC/ SG will apply, if not changed by the APJC in between.
